

EQUIPPING HUDDLE // LEADER GUIDE

Knowing What's Next For Your Small Group | EASTSIDE CHRISTIAN CHURCH

By Will Johnston

Watch the *Jesus, Others and What's Next* video by Will Johnston and discuss the following: https://youtu.be/6L_Fs50Klg

1. On a 1 to 5 scale (5 being the greatest), how much does the idea of “restoring” God’s order on earth in people’s lives play into your ministry as a small group leader? What is one thing you could begin doing this month to increase the vision of restoring heaven to earth (“your kingdom come...”) by one number in your small group leadership and planning?
2. Will shares that to be like Jesus, we need to imitate three areas of his life: his character, his mission, and his methods. Which one do you gravitate to most? Why? Which one do you need to focus on more in this season of your life and ministry? Which one do you believe the members of your small group need to focus on right now?
3. Will introduces a five-part spiritual growth track here: Alpha, Engage with God, God’s Story, What We Believe, and Explore the Bible. Looking at this as a journey, where are most of the people in your small group at, and what do they need most right now?
4. How can this discussion inform your prayers for those in your small group?
